Increased Attendance for Healthy Kids Day at the 28th Annual Kids ¼ Miler

Hornell, NY – The Healthy Kids Day, formerly the Pediatric Health Fair, enjoyed increased attendance at the May 20th event held in the Hornell High School gymnasium. The Hornell Kiwanis Club began the Kids Quarter-Miler 28 years ago, and joined forces with St. James Mercy Hospital within the last 10 years to include a Pediatric Health Fair. This event is still going strong with help from Oak Orchard Health, Hornell YMCA and St. James Mercy Hospital, kudos to all!

The Kids ¼ Miler races drew 180 race participants and brought more than 400 visitors to the Healthy Kids Day. There were approximately 20 participating vendors from health and human service organizations to share information with families focused on youth and healthy lifestyle choices.
