

# "50 FIT Friday", April 1, Noon-7pm

Are you over 50, uninsured, have a high deductible, or a history of colon polyps? If you answered yes to any of these, you could be eligible for a **FREE** colonoscopy or an at-home screening **FIT** test. Join us for a **free confidential consultation** to assess your risk and see what test is right for you. Colorectal cancer is curable if detected early through regular screening. **Don't wait!**
