Health Care Cost

Health Care Cost

Thank you for choosing St. James Mercy Hospital for your care today. In an effort to be as transparent as possible, we want to bring to your attention the potential for fees you may encounter from physicians and physician groups that bill separately from the hospital.

- **You may receive a bill for your hospital stay, as well as an additional bill from physicians or physician groups.** You would likely see the additional bill if you required any of the following services during your stay at SJMH: anesthesiology, pathology, radiology, emergency room treatment and hospitalist (Inpatient & Observation) consultation and treatment.
- **Physicians and physician groups may or may not participate in the same health plans as the hospital.** Check with your primary care physician before making arrangements for elective and other non-emergent hospital visits to determine the health care plans in which your care team participates.
- In some cases, SJMH performs the billing for the professional services. For a complete list of those providers and the health plans we participate with, go to www.stjamesmercy.org/surprise-bill.shtml, or one can be made available to you at our registration/billing areas.

Health Care Cost

Should any members of your care team be associated with the following physician groups, you can anticipate receiving a separate bill. If you are uncertain, please contact these providers directly to determine the health care plans in which they participate:
